Now a motion picture, The Blind Side introduces the reader to Michael Oher one of thirteen children whose mother is addicted to crack. He does not know his real name, his father, his mother, or how to read or write. He takes up football after a rich white family takes him in from the streets of Memphis. Two great forces alter Oher: the family's love and the evolution of professional football into a game where the quarterback must be protected at any cost. Our protagonist becomes the priceless package of size, speed and agility necessary to guard the quarterback's greatest vulnerability, his blind side.
