"The Miracle Of St. Anthony" by; Adrian Wojnarowski A non fiction read (796.3)

In a city mired in endless decay, in a neighborhood ravaged by all of the horrors of urban blight, hope comes in a most unassuming form: A tiny brick schoolhouse run by two Felician nuns where a singular basketball genius takes teenagers from the mean streets and turns them into champions on the hardcourt. Coach Bob Hurley had been working miracles at St. Anthony High School in Jersey City for over thirty years when he met his most dysfunctional team yet. This story takes us through a gripping and heartrending season as he struggles to lead a troubled team to glory through his understanding of the game and his senseless determination or see no more children lost to these streets. A great read!
